BOWERS AND MERENA'S AUCTION PROGRAM IS THE PLACE TO

REALIZE TOP MARKET PRICE FOR YOUR COINS

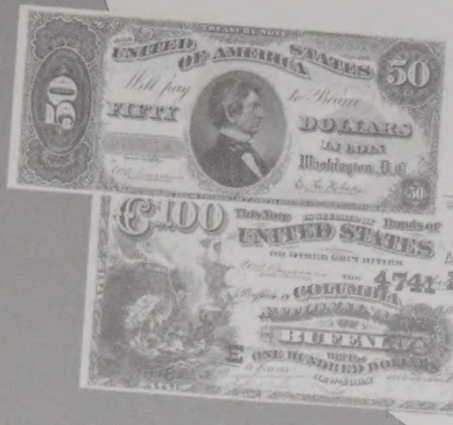

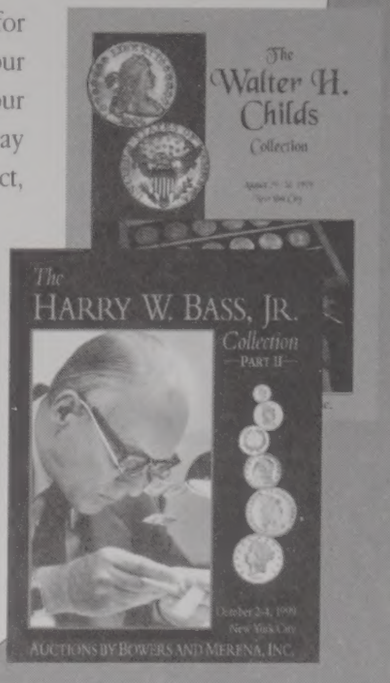

Over the years, Bowers and Merena's auctions have brought top market prices across all series. Our public sales have drawn worldwide attention from important buyers looking for important numismatic material. Our upcoming auctions scheduled for 2000 and beyond are now in the planning stages and we want to include your coins or collection.

When the time comes to sell your valuable collection, no matter what the size, remember that any company can make claims, but only Auctions by Bowers and Merena can back up those claims with verifiable public auction records. Let our success be your success! Of the top 10 world's record prices for United States coins, we hold six, including our recent sale of the Childs 1804 Draped Bust silver dollar for $4.14 million. Of the four most valuable collections of United States coins ever to cross the auction block, we have catalogued and sold three, including the $44.9 million Eliasberg collection!

Consigning is easy. Simply call John Pack, our auction director, to reserve a place for your coins, medals, tokens, or paper money in an upcoming sale, and also to discuss our low commission rates. And, while your collection is being showcased in one of our award-winning Grand Format™ catalogues, we can offer you money to spend right away in the form of an instant cash advance against the proceeds of your consignment. In fact, once your coins are on their way to us, we take care of everything, including insurance, expert grading, authoritative cataloguing, and attractive presentation. The same care and expertise we use to sell world-record collections will be focused on your consignment.

When you consign to Bowers and Merena, you consign to the most successful rare coin auction firm in American numismatic history. Call us today to consign to one of our upcoming sales. It may well be the most financially rewarding decision you have ever made!

The King of Cash buys it all—Our purchases include coins for under $4 and over $1,000,000! No matter what your holdings include, **Spectrum** is interested. It makes no difference if your coins are certified or not. Your coins can be a collection, hoard, dealer inventory, investor lot, family estate, or any other type of property.

Here's what some of **Spectrum's** satisfied clients have to say: *This is just a note to say "thank you" for the prompt attention, courteous service, and fair prices I received for the sale of my collection. Mr. Thad Olson is extremely knowledgeable, and I felt at ease and quite confident in dealing with him. His offer was more than 20% higher than I received elsewhere, which was both a pleasant surprise and a wonderful bonus for dealing with your company. I would certainly recommend Spectrum to my friends and associates without reservation.*

I was very pleased with your offer. I also appreciated being spared the "critical analysis" most dealers feel they must go through before making an offer. I'm just sorry I didn't try your firm long ago. I'm convinced after my first sale to you that Spectrum is the place to go if you want honesty and fair dealing.

I have done business with Spectrum for the past eight years and every transaction has been totally satisfactory. Whether it was my most recent sale ($700) or the one in 1995 for over $100,000 (remember that one?) everyone has been friendly, professional, and fair.

Spectrum has a commitment to customer satisfaction that is unsurpassed in the rare coin industry. Let us help you to realize the most money for your coins. Give us an opportunity to serve you.

USING YOUR 2000 NUMISMATIC DEALER DIRECTORY

Your **2000 NDD** provides two ways to look-up coin dealers. The first section is a cross-referenced, alphabetical listing by last name or company name (CAPITALIZED listings). Personal names are followed by their state & company name. When the company name is the same as the numismatist's name, you will be able to locate them either way. For example, Julian M. Leidman will have two cross-references: 1) Under **J**, look for "JULIAN M. LEIDMAN" to find the company name, state, & telephone number; and 2) Under **L**, "Leidman, Julian M., MD, Julian M. Leidman" gives you his personal name, his state, his company name, and telephone number.

The second section is arranged by state, and therein alphabetically by *company* name (names such as *1-A Coin Co.* or *A&B Coin Co.* start each new state). If you know the state & *company* name, those listings contain the full mailing address and telephone numbers. When an individual's name is also the company name, **keep in mind that the listing will be alphabetical using the *first* name**. For example, the address of the *company* "Julian M. Leidman" can be found in Maryland under the first letter "**J**". Within the second section, we have highlighted our advertisers with blue ink. We encourage you to read all advertisements; they contain important information, and this directory would not be possible without their support. These leading dealers are sure that this directory will be one of your most useful numismatic tools. The advertising index will direct you to the various advertising categories. The cross-references in red ink will direct you to advertisements under related categories.

We hope that you find the **2000 Numismatic Dealer Directory** to be a useful tool throughout the year. And please don't forget to send in any updated information as soon as possible. If you do not refresh your information, you may be deleted from future issues. Also, please delete any persons no longer employed by your company.

PUBLISHER'S STATEMENT OF COPYRIGHT & LIMITATION OF LIABILITY

Reproduction of any part of the **2000 Numismatic Dealer Directory** without written permission of the **Coin Dealer Newsletter** is a violation of copyright law and is specifically prohibited. The **CDN** will strictly respond to any and all violations of the **CDN** copyright.

Every precaution has been taken to avoid errors and omissions in the **2000 Numismatic Dealer Directory**, both in the directory listings and in the display advertisements. The **Coin Dealer Newsletter** expressly rejects any liability for errors in the listings due to incomplete, inaccurate, or omitted information. If you do not refresh your information by responding to our mailings, you may be deleted from future issues. The **2000 NDD** listings have been updated to the best of our ability based upon your returned cards, plus the most recent public data available. If your name was removed from the **2000 NDD**, you will need to submit a listing request form (found in the directory) to be reinstated in the database. If any listing is incorrect, please notify us as soon as possible so that we can update our files. This will also help you — should we receive an inquiry, we can provide the corrected information. Please send us one of the listing request forms whenever your information changes — and remember that many new telephone Area Codes are being created.

Every precaution has also been taken to correctly include all display advertising. Should any error have occurred, an advertiser is limited in recovering for any loss or omission to a pro-rata abatement of the charge paid for such advertising in the proportion that the error reduces the value of the entire advertisement. In no event shall such recovery exceed the amount paid to the **Coin Dealer Newsletter**. An advertiser can substantially avoid the risk of errors or omissions by submitting camera-ready copy, which we encourage for all display advertising.

Note to consumers: The **2000 Numismatic Dealer Directory** has been prepared for the dealer community. As consumers, only you can decide what services or products best meet your needs. The inclusion of any dealer, either in the listings or advertisements, is ***not*** an endorsement of the individuals concerned, their companies, business practices, services, or products. Furthermore, you should be aware that advertisers are subject to various local, state, and federal laws and regulations; the enforcement of such laws and regulations is the responsibility of the appropriate agencies.

The Coin Collector's Survival Manual – Revised Third Edition
by Scott A. Travers

BEFORE YOU MAKE YOUR NEXT COIN PURCHASE, TAKE A COMPLETE COURSE IN COIN BUYING AND SELLING FOR AS LITTLE AS $14.95.

"This is the book about the coin business you can't afford to be without." -Hank Gilman, business editor, ***NEWSWEEK***
"One of the most important coin books ever written." -***The New York Times***
"Should be read before a single coin is bought - and read again and again!" -***Coin World***

UNPRECEDENTED FIVE-TIME NUMISMATIC LITERARY GUILD AWARD WINNER

Traditionally, learning a lesson in the rare coin market has been very expensive. You would buy a coin for $500, find out later that it was worth only $50, and, thus, you would have to pay $450 to learn just one lesson. But now, thanks to the revised third edition of *The Coin Collector's Survival Manual*, by Scott A. Travers, you no longer have to pay a fortune to learn about how to buy and sell coins profitably. This thoroughly revised edition examines the coin field from an insider's perspective and continues to break new ground in revealing the ins and outs of coin collecting and investing. Excellent photographs and detailed charts amplify the encyclopedic, clearly written, meticulously organized text. You'll learn about the following:

- How to look at coins the way the professionals do
- How to determine what a coin is worth and what grade the leading certification services would assign to it
- How to spot slight friction on otherwise "Gem" coins
- How to tell the difference between proof and prooflike
- How lighting affects appearance
- Altered and counterfeit detection techniques
- How to judge price guide accuracy
- Selecting and testing a coin dealer
- How not to get ripped of if you buy coins through the mail
- Profitable - and not-so-profitable - liquidation techniques
- How to buy and sell at conventions like the pros do
- How to spot a cleaned and artificially toned coin
- How to choose a non-destructive coin holder and the storage method right for you.

SPECIAL SECTIONS ON:

- Doctored coins, how to detect them, and the case of the doctored hoard of gold rarities that got slabbed
- The real truth about slab services and "fixed grading standard" claims
- Premium quality coins (then and now)
- Startling revelations from a leading coin trader
- A grading service founder's bombshell admission of modified standards
- The newest tax laws

NEW information in the revised edition covers:

- Cool coin internet web sites
- Requirements of the new FTC telemarketing act
- The real facts behind the toning corrosion controversy

and much, much more!

Order your copy of *The Coin Collector's Survival Manual - Third Edition*. 220 pages, dozens of sharp illustrations. For the price of $14.95, you can make a mint.

Experience.

"I was so impressed with the members of the Smythe staff. Everyone with whom I had contact was efficient, courteous, and professional, especially at the lot viewing sessions."
- G. Doster, Georgia

"Dr. Ball: my education in historical finance is growing rapidly thanks to your accessibility and willingness to share knowledge. You are a scholar and a gentleman. I have been and continue to be impressed by the quality and personable service offered by Smythe."
- K. Latimer, Georgia

Trust.

"It was a pleasure dealing with your entire organization. I had no idea how to handle selling my material and how to get fair prices until I was steered in your direction! You all made it so easy and took the 'fear' out of it."
- L. Smith, Pennsylvania

"As a bidder, your descriptions are the most accurate in the business, and I can bid by mail with confidence."
- S. Lindquist, North Dakota

WE CAN CREATE A LEGEND FOR YOU

- ★ Legend Numismatics carries an extensive inventory of PCGS & NGC certified coins: 1/2¢ thru Gem Proof $20. In 1999 we offered over 5,000 coins worth more than 17.8 million dollars in Opportunity Knocks, our monthly newsletter and website.
- ★ Last year we located and placed 4.1 million dollars worth of coins for our want list customers.
- ★ Members of Legend Numismatics personally attend every major show and auction that is held.
- ★ Members of Legend Numismatics' staff have experience of over 22 years as full time coin dealers. Few other firms have the experience, abilities and contacts equal to Legend.
- ★ Quality is our obsession. We know you can't build a great collection without it!
- ★ We don't mess around. We've seen other dealers who make outrageous claims, play games, and B.S. the customer. That's not Legend. Repeat business/true loyalty is what we're about. We have the record to prove it!
- ★ Your business is important to us. Whether it's building your dream collection or just adding a coin to a set, Legend Numismatics is 100% committed to helping you attain your goals and making your numismatic experience with us both enjoyable and rewarding.

There's only one...

There's only one Steve...

There's only one Steve Ivy, and as one of America's most respected numismatists, he is easy to find - on the bourse or at Heritage. But when you need to mail to him as well as the more than 5,000 other numismatists in America, you will quickly discover that

There's only one source...

There's only one source for the most complete, most accurate, and most up-to-date listing of dealers in America, and that's the **2000 Numismatic Dealer Directory**. Our current **NDD** list is available for rental, and at only $325, is well below the price normally charged for specialized lists. When you want to mail to every dealer in the **NDD** (or just the dealers in California, or the Mid-Atlantic states), you will soon discover that

There's only one practical way to mail...

There's only one practical way to mail to every dealer in the **NDD**, and that's to buy labels from the source. Why? We know how long it takes to type 5,000+ labels, but even more important, our labels will be up-to-date. We know how many changes occur *after* the **NDD** is printed, because we update our database every day! You want your mailing to be delivered, because returned mail generates no profits. And you can choose between First-Class and Standard mailing rates. Contact us for details.

"Just a quick note to compliment you on the excellent article as submitted to CDN. As a coin dealer I am viewed as a somewhat biased individual when it comes to toning. However, it's different when the head of a grading service shares his views. While most experienced dealers or collectors appreciate the virtues of beautifully toned coins, many novices are stymied by the lack of information available in print. Your article does a service to original coins and to the industry in general.

"Every day at least one customer asks my opinion of the grading services. As you know, I am brutally up-front about everything life throws at us. In short, I rate the grading services on an "A to F scale". I give NGC a Rainbow toned A!

"I consider NGC to be the most accountable grading firm. You stand behind your product, you freely and publicly admit mistakes and you deal with issues that others shun. Simply stated, NGC represents the industry's leading grading service. Just keep an open mind and maintain your vision."

ACCUGRADE'S FIVE $99 SERVICES

TIRED OF PAYING TOO MUCH FOR CERTIFICATION ?
WE ARE 50% TO 85% CHEAPER THAN OUR COMPETITION.
We will slab 3 Coins or Cards for $49 in 2-4 hours at each show we attend.

ACCUGRADE has graded coins every month since June of 1984 when Mr. Hager invented slab certification for coins and went on to establish the standards by which all coin grading services operate to this day. **PCGS-PSA-David Hall paid Licensing Fees to use Mr. Hager's Patent and inventions.** *ACCUGRADE* has set up 11 other certification services since 1986. *ACCUGRADE* slab holders are compact, stackable, stretch resistant and fit in standard 2 x 2 boxes. They are twice as strong as the competitions', 40% lighter in weight and 1/3 smaller in size. We use ***clear non-PVC Acrylic plastic. ACCUGRADE*** uses individual dies for each and every coin size we certify, this guarantees over the long term (30 years or more) that no coin will be contaminated by a PVC film. We do not use ***RUBBER INSERTS or SOFT WASHERS.*** Soft inserts, over time, will leach PVC contamination onto the surface of the coins. To date, ASA has graded ***and authenticated over 350,000 individual items valued at over 310 million dollars.*** Mr. Hager, the founder, Patented the Card & Beanie Slab holders, and has also written books on coins and sportscards.

ACCUGRADE™ INTRODUCES TWO NEW TRADEMARKED SERVICES:

MIRRORLIKE™ or ML™ applies only to modern issue mirrorlike surface coins or the first off the polished dies. ***FROSTED WHITECAM™ or FWC™*** A **FROSTED WHITECAM™** proof coin will be frosted white with no film. ***FWC*** is a grade above a DeepCam or the first off the dies. Services grade proof coins as **Deep Cam or Ultra Deep Cam** even if the coin exhibits a white film.

The PCI Capsule...

✓ $8.00 PER COIN
✓ 6-DAY SERVICE

Tells why more people are turning to PCI

☐ **PCI** accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.

☐ **PCI** recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5 +, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.

☐ **PCI** provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).

☐ **PCI** offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of $8.00 per coin, plus postage and insurance.

☐ **PCI** excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!

☐ As a special bonus - **PCI** provides a **FREE** storage box when twenty (20) coins are submitted. ($5 charge for storage box orders containing less than 20.)

After our 10th year of new and innovative ideas and technology in setting the pace for 3rd party grading, we at PCI have come to rely upon business practices that you can consistently count on. Your coins will be accepted, authenticated, and graded at the lowest rate and the fastest turnaround time of any service...guaranteed!!

Certified Coin Dealer newsletter

CERTIFIED COIN DEALER newsletter

Sight-Unseen Market Quiet, But Steady
Long Beach Bullet Sale Offers Variety

The ***Certified Coin Dealer newsletter ("Bluesheet")***, published by the Coin Dealer Newsletter (est. 1963), is the only price guide available listing the wholesale bid levels of coins certified by the Professional Coin Grading Service, Numismatic Guaranty Corporation, ANACS, PCI, INS and NCI. Published weekly, the***"Bluesheet"*** reports the highest known bids on actively traded certified coins in the standard grades of Mint State and Proof. Prices are constantly updated for the most popular series and issues graded by the leading services. Bids for PCGS and NGC are reported every week; Bids for other services are updated monthly. And once each month the **CCDn** also contains the ***Asksheet*** listings - at no extra charge!

Over the past ten years, the certified market has been very active. The volatility that characterized the sight-unseen market has been replaced by more stable price movements, attracting a new generation of collectors. As our**CCDn CMI** (a weekly ***Bluesheet*** feature) illustrates, the overall market is stabilizing. In addition to pricing changes in the market, Bid levels may differ considerably from one service to another.

The ***Bluesheet*** reports dealer bid levels for sight-unseen coins. Dealers may pay even more depending upon their needs, but remember, pricing changes are an enduring characteristic of the coin market. Bids can increase or decrease dramatically; without current market information, making informed buying or selling decisions is impossible. You need the ***Bluesheet*** now!

Certified Coin Exchange is now on the Internet

http://www.certifiedcoinexchange.com/

Since 1990, The Certified Coin Exchange (CCE) has been a key intermediary in US certified rare coin trading between major coin dealers in the United States. Until recently, the only way to trade on CCE was to have a satellite dish and a dedicated PC. This is now changed.

CCE is now introducing an Internet based trading system, CCE-Internet. Now, **Member Firms may place bid and ask prices, execute trades** and do all other functions via an Internet browser (MSIE or Netscape 3.0 or above) from their office, a hotel room; or a show.

Currently there are over 45,000 bid and ask prices on CCE, and live trading occurs electronically between 12:00 and 5:00 Eastern Time. Bids/Asks are posted for PCGS, NGC, ANACS and IGC certified graded coins. There are over **90 Member Firms** who have the capability to place bid/ask prices and to execute trades against these prices. **Over 150 more Associate Members** subscribe to view CCE prices and either trade based on these prices with other dealers, or propose transactions to the Member Firms who are posting these prices

You can be a part of this exciting marketplace and buy coins at your bid price. Also, when you are buying from the public, you can do so with confidence that you can sell to other bidding CCE Member Firms on the Certified Coin Exchange.

Why be a CCE Member firm?

1. You can **make a market** in coins by bidding on the Exchange
2. You can buy coins at your bid
3. You can **sell to** other CCE Member Firms under CCE rules
4. You can buy and sell on the open FACTS message traffic system
5. You can view or **make a competitive bullion market**
6. Just one trade can pay for the service for the whole month!

You can join National Gold Exchange, U.S. Coins, Heritage Rare Coin Galleries, Superior Stamp and Coin, Wayne Miller and over 300 of the top dealers in the United States on the Certified Coin Exchange.

For more information about the CCE-Internet, call Wally Barr at:

The PCI Capsule...

☑ $8.00 PER COIN
☑ 6-DAY SERVICE

Tells why more people are turning to PCI

☐ **PCI** accepts direct submittals from the general public, collectors and dealers. There are no minimum or maximum submittal requirements.

☐ **PCI** recognizes that all coins are not "generic". We grade, authenticate, verify and list attributes for errors and varieties such as 5, 5 +, & 6 steps for Jefferson nickels, **DM** (deep mirror), **DMPL** (deep mirror proof like) for Morgan dollars, and we apply our exclusive attribute **PQ** (premium quality) to those coins that qualify.

☐ **PCI** provides our original "Red Label" capsule for "problem" coins, and assigns the grade right on the label (exceptions are: altered, counterfeits, etc.).

☐ **PCI** offers the most affordable rates of any "third party grading service" - and we provide the fastest turnaround time of any grading service... for the applicable fee of $8.00 per coin, plus postage and insurance.

☐ **PCI** excels at providing the highest quality customer service. We will go the extra mile to meet the needs of our customer, and our service is backed by our guarantees!

ASA ACCUGRADE

SPORTSCARDS

FIVE $99 SERVICES

SPORTSCARD SLAB

ACCUGRADE* has been certifying collectibles since June of 1984. *To date we've graded and authenticated over 360,000 individual items valued at over $310 million. Our slab holders for coins, sportscards, Memorabilia and Beanies are sonically sealed making them virtually tamper-proof. No one ever before packaged a card so expertly for long term storage with a protective free floating bed, Arrowhead corners with an identification window, and graded based on a 1-10 Criteria! This is the main reason 5 other grading services (including *PSA*) have paid licensing fees for the rights to use our intellectual property rights ***CSA, AAI, ASA Canada and KSA Canada.***

You will never get a run-around at ***ASA-ACCUGRADE,*** we are here to serve your certification needs with the best quality holder, service at the best possible prices in the industry today. In 1988 we Copyrighted the ***1 to 10 grading system*** and the criteria for sportscards, which is the universal standard today. We patented the sportscard slab holder and Trademarked the arrowhead holder design, which is universally used by all services.

PCGS-PSA-David Hall has paid License Fees to use the Patented holder, Copyrighted 1 to 10 grading standards and Trademarked holder. Since 1989 over 3 million sportscards have been graded based on Mr. Hager's inventions. Service to the customer has always been our number one priority.

If you would like to set up your own Authentication and grading service the cost is $25,000 which includes all the materials, software and training to start, please call for information. *ACCUGRADE* has set 11 up grading services since 1986.

The only service where you can have all your collectibles certified & authenticated, one stop service for *COINS, SPORTS CARDS, MEMORABILIA and BEANIE BABIES.*

Hager's Comprehensive Guide To Baseball Cards 1886 To present is now considered an industry standard. This book has become the leading seller in full color reference publications on baseball cards. This is the most comprehensive anthology on baseball cards ever written.

How about being able to tell what a trimmed or bleached card looks like? It took three years to produce this 520 page, full color compilation of baseball cards. *With only 150 books left and dealers charging over $100, you can still get one autographed for only $85.00*

Three Good Reasons To Read This Ad

The Greysheet

(as the **Coin Dealer Newsletter** is often called) has been the standard wholesale pricing-guide of the coin industry since 1963. It is an up-to-date reporting of dealer-to-dealer Bid/Ask prices on rare coins, from the earliest through the most recent issues. For 37 years we have given our subscribers the most comprehensive and unbiased report on the entire coin market, with all the facts necessary to make informed buying and selling decisions. The **CDN** is published weekly to enable you to keep pace with often dramatically changing price levels. Plus, your subscription includes **FREE** Monthly and Quarterly supplements. All coin dealers have discovered how invaluable the ***"Greysheet"*** is.

The Bluesheet

The same independent, unbiased professionalism that has brought you the ***Greysheet*** for 37 years, brings you the ultimate price guide for the certified coin market. The ***Certified Coin Dealer newsletter*** reports the highest known Bids of actively traded PCGS, NGC, ANACS, PCI, NCI, & INS coins. The CCDn brings you an intensive look at the certified coin market and the variables in price structure among the industry's leading grading services. As an extra bonus for subscribers, the ***"Bluesheet"*** incorporates the CCDn ASKSHEET, reporting monthly on Lowest Asks or Last Trades. Now you have all the information you need to make informed buying and selling decisions.

The Greensheet

The **Currency Dealer Newsletter** covers dealer-to-dealer Bid/Ask prices on U.S. fractional currency, large size U.S. notes, small size U.S. notes, uncut sheets, small size currency as well as in-depth articles and analyses. This monthly publication is the only up-to-date pricing guide available in today's ever-changing Paper Money market.

An important note about all of our Newsletters: The publishers of these price guides do not buy, sell or trade coins. In short, there are no persuasive forces that might distort the true market pictures.

TIM BAUER RARE COINS

TIM BAUER RARE COINS was established in 1986 with an emphasis on serving the advanced collector and the investment community. Special attention has always been placed on conservatively graded coins with exceptional eye appeal, both of which have become a trademark of the TIM BAUER inventory.

In addition to being active on the Internet with a web site, Tim is also a well-established and respected bourse dealer. TIM BAUER RARE COINS frequently runs online auctions with Numismatists Online (NOL), Amazon.com, and eBay. Nevertheless, Tim Bauer continues to see himself as primarily a bourse dealer, fellowing in person with coin collectors at virtually every major coin show in America.

TIM BAUER offers a variety of services related to rare coins, including the following:

- Auction Representative
- Expert Witness
- Estate Liquidator/Purchaser
- Appraiser
- Agent to broker the sale and/or consignment of numismatic holdings

---

Since Tim is a member of the Professional Numismatists Guild, Inc.(PNG) and an ANA Life Member, you may be assured that you will get a fair and realistic offer for, and appraisal of, your coins. More importantly, TIM BAUER RARE COINS has the capital to pay you what your coins are worth. TIM BAUER RARE COINS is an authorized center for the submission of your coins for grading and encapsulation (also termed *slabbing*) by PCGS, NGC, ICG, and ANACS. Tim's expertise extends to previewing coins you want certified and graded prior to submission and advising as to which grading service and route of submission will best serve your needs and wishes.

As Northern California's dealer member of the Professional Numismatists Guild (PNG Member #569) and an ANA Life Member (#4724), you will be reassured that your bidding and subsequent transactions will be handled in a prompt, professional, personal, and courteous manner by a well-capitalized, full-time rare coin dealer who is well-established and respected in the numismatic community.

The Coin Dealer Newsletter

has been serving dealers for (please check):

___38 Years
___25 Years
___9 Years

If you checked all three choices, you are correct. The ***Greysheet***, as most numismatists know, was started in 1963, and has been the market's leading (and only!) source of current, wholesale pricing information since then. Over the decades, the listings have been tremendously expanded and improved to provide subscribers with the most *accurate* market information that money can buy.

But the ***Greysheet*** is more than just the *weekly* **CDN**. The **CDN Monthly Supplement** has been an important part of our subscription package since 1976, with its monthly listings of so many important series by date. And starting in 1992, the **CDN Quarterly** now brings **CDN** subscribers full date, multiple-grade listings on every regular issue U.S. coin not already covered in the weekly and monthly issues. Imagine, every U.S. coin now receives our *independent*, *unbiased* attention, all so that you can make informed buying and selling decisions.

RARE GOLD

If you are a marketer of rare United States Gold coins and you do not receive my wholesale price list, you may be costing yourself money.

I'm one of the largest wholesalers of rare United States Gold coins in the world. I have over twenty years experience in wholesale gold coin sales.

Each week, I put out a "user-friendly" inventory list which contains over $1 million of choice, fairly priced rare U.S. Gold coins.

I specialize in PCGS and NGC graded U.S. Gold coins struck from 1795 to 1900 in Very Fine to Mint State grades.

Comprehensive support material is available. I can increase your sales and make it easier for you to sell rare U.S. Gold coins.

DO IT FOR THE MONEY!

SEE US AT ALL Major Shows

The most money. The quickest money. The direct from The King of Cash to you money!

The customers of **The King of Cash** are having another record year! They are receiving funds from **Spectrum Numismatics** at a record rate, because they know **The King of Cash** needs more coins than ever for our ever-growing client base. Why are dealers, collectors, investors, and financial institutions coming to us at a record rate?

Same day funds—There's no waiting around with **The King of Cash**. You will receive ***immediate*** payment for your coins.

Numismatic expertise—The **Spectrum** staff has over 150 years of combined numismatic experience. No matter how specialized or diverse your holdings may be, **Spectrum** knows what your coins are worth.

Financial stability—Spectrum has unlimited funds available for purchasing rare coins. In fact, one of the largest transactions in the history of numismatics was purchased by **Spectrum** for cash.

The King of Cash buys it all—Our purchases include coins for under $4 and over $1,000,000! No matter what your holdings include, **Spectrum** is interested. It makes no difference if your coins are certified or not. Your coins can be a collection, hoard, dealer inventory, investor lot, family estate, or any other type of property.

Here's what some of **Spectrum's** satisfied clients have to say: *This is just a note to say "thank you" for the prompt attention, courteous service, and fair prices I received for the sale of my collection. Mr. Thad Olson is extremely knowledgeable, and I felt at ease and quite confident in dealing with him. His offer was more than 20% higher than I received elsewhere, which was both a pleasant surprise and a wonderful bonus for dealing with your company. I would certainly recommend Spectrum to my friends and associates without reservation.*

I was very pleased with your offer. I also appreciated being spared the "critical analysis" most dealers feel they must go through before making an offer. I'm just sorry I didn't try your firm long ago. I'm convinced after my first sale to you that Spectrum is the place to go if you want honesty and fair dealing.

I have done business with Spectrum for the past eight years and every transaction has been totally satisfactory. Whether it was my most recent sale ($700) or the one in 1995 for over $100,000 (remember that one?) everyone has been friendly, professional, and fair.

Spectrum has a commitment to customer satisfaction that is unsurpassed in the rare coin industry. Let us help you to realize the most money for your coins. Give us an opportunity to serve you.

Call us collect at 949-955-1250. Do it today!
